### **Pick Your PIMSY!**

## **Choose your PIMSY Plan and Billing**

We now offer 3 different levels of PIMSY: Prime, Professional and Platinum, to meet your unique needs and budget. You can also cherry pick features and add them to your plan a la carte! [See our features page for a complete listing.](#)

Now also choose how you want to be billed for your monthly Maintenance & Support fee: You can either pay a sliding scale fee based on the number of users, or you can pick our dual pricing that is based on users & notes. The 2 M&S Fee options allow you to customize your price based on the workflow of your practice and your budgeting needs. If you tend to have a high note volume or you need a set dollar amount for budgeting, the flat user fee would probably serve you best. If your workflow fluctuates, the notes/user dual pricing ensures you're billed only for actual work performed.
