See You at Pinehurst?

While PIMSY is being used in [40 states nationwide](#) (!?), we were grown right here in western North Carolina. **Several of our features [make PIMSY an especially strong system for NC](#).**

Stop by booth #79 to see how PIMSY can support your needs, *especially* for North Carolina providers!

Clinician Toolbox

Trauma-informed care (whether via primary care or behavioral health services) is **finally being recognized and respected**.

The National Council for Behavioral Health has some incredible resources + tools for those wishing to explore trauma-informed care: [click here](#).
