True or False? "ICD-10 doesn't affect me because we use DSM-5." FALSE!

**Join us in dispelling dangerous misconceptions about the
upcoming ICD-10 transition, especially for Mental / Behavioral
Health and Substance Abuse Practices:**

[Myth # 1:](#) "I've heard that the government's going to extend the deadline."

[Myth # 2:](#) "ICD-10 doesn't affect me because we use DSM-5."

[Myth # 3:](#) "I don't need to worry about ICD-10 because my EHR is taking care of it."

[Myth # 4:](#) "ICD-10 doesn't apply to me because I work in mental health."

[Myth # 5:](#) "I don't need to worry about ICD-10 because I only see self-pay clients."

All of the above statements are false! Click on the titles above to see why.

SHARING THE SHOUT OUTS

"Without your assistance, we may have failed our audit. We had our audit last week and we scored 94. Thank you all so much for your assistance. I owe a lot to you for being available last week to answer the auditor's questions..."

"I have researched various EHR software over the past two years to manage our small outpatient mental health practice and found various issues with most of them until now.

This program appeared to have been created by someone who shared our similar experiences. **PIMSY met and exceeded our expectations, flat out they nailed it.** If you are looking for a software that will grow as you grow and cater to your business needs, PIMSY is it." ([see more...](#))
