Happy Veterans Day! Introducing the PIMSY Veterans Resource Center

Hi Leigh Ann:

Happy Veterans Day! It's so important to honor the men and women who have served - or are serving - us with their military duty. Those of us in the mental & behavioral health care fields, who better understand the challenges veterans typically face, can have an even greater impact.

To help raise awareness about the difficulties that veterans confront on a daily basis - and to share solutions and resources - we've launched our [Veterans Resource Center](#). It includes posts about local and national support, such as Tesla Motors actively recruiting veterans in a supportive work environment - or [Helios Warriors](#), a local organization offering holistic therapies to veterans.

If you have any events or articles you'd like us to highlight, please send them to us [here](#). And if your practice serves veterans, check out our offerings to see if anything might be of use to you. **Let's all make sure to honor the veterans in our life today - and every day!**

DSM-5

Dr. King Corner

DSM-5 wisdom from the guy who wrote the book! We're honored to have Dr. Jason King, the expert on DSM-5, on our Advisory Board - and to share his comprehensive articles with you! [Click here](#) to check out this month's feature: Dissociative and

Trauma/Stressor - Related Disorders.

What Did You Miss!?

If you missed our recent Meaningful Use (MU) webinars, don't worry! MU consultant Adam Lowell explained what the MU grant program is all about - and how you can leverage it for your behavioral health care organization. [Click here](#) to watch a video of his presentation - and get the full scoop!

Check out our [Resource Centers](#) for more compliance information and complimentary tools. For details about PIMSY EHR and how it can enhance your practice, check out our [Features page](#) and [2 minute videos](#) - and please [contact us](#) any time with questions.

Very Best,

Leigh-Ann Renz
