HOW DOES YOUR EHR HANDLE NOTES FOR GROUP THERAPY?

PIMSY behavioral health EHR allows you to create a single group note entry that can then be easily transferred down to the individual notes for each client.

No more copying and pasting from your Word document! Create it here, then update all the clients in the session with a click of the Generate / Update Notes button.

Track every client who attended your group in a HIPAA-compliant, secure and efficient format. [Click here](#) to see more.

WALK OUT OF DARKNESS

Robin Williams' suicide has again brought the national spotlight on the need to reduce the stigma of mental illness and encourage support for prevention and treatment.

The AFSP (American Foundation for Suicide Prevention) works tirelessly to raise awareness about the causes of suicide and provides resources to help prevent it.

Tame Your Practice, one of our partners, is sponsoring a walk in Fuquay Varina, near Raleigh, NC. [Click here](#) to

PIMSY also offers Team Notes, for multiple providers treating one client, in addition to comprehensive intake and progress notes. [Click here](#) for details.

support their walk - all proceeds go directly to AFSP.

PIMSY is honored to participate in this walk and support the AFSP. [More...](#)
