WHY USE A CLEARINGHOUSE?

The benefits of using a clearinghouse

Often when we speak to businesses considering PIMSY, we're asked what the benefits are of using a clearinghouse in conjunction with an EMR or Practice Management System. In addition to streamlining the billing process, clearinghouses can save you tons of time spent on submission, research, follow up and much more. [Click here](#) to see how Gateway EDI, one of the clearinghouses we've partnered with, can save you time and therefore money.

Using a clearinghouse allows you send batches of all open invoices and claims with a few button clicks.

These claims are parsed out to the [insurance companies](#) by the clearinghouse, payment is collected and the EOB or remittance batch is received into PIMSY. With a few more button clicks, the remittance is applied to the invoices/claims, along with any necessary notes such as reasons that payment was denied or partially paid.

Your clients' charts and financial records are updated accordingly, and the information is stored everywhere needed for future needs, such as reporting, tracking, future billing, etc. Tasks that once took hours or days can be reduced to minutes. "I am extremely appreciative and am so glad I decided to go with PIMSY vs. the other options I was considering. I was singing your praises to a colleague of mine today who is feeling overwhelmed with her paper process. I highly recommend all of you".

Myles a hit at Healthy Haywood

Therapy Dog Shines Again

The PIMSY office mascot and therapy dog extraordinaire, Myles, attended the Healthy Haywood Holiday Recovery event a few weeks ago. His handler and our Value Added Reseller Manager, Kristin Walker, and I were lucky enough to be his escorts. We were representing both PIMSY and Myles of Smiles, the soon-to-be non-profit for therapy dog work promotion and education.

As usual, Myles was the star of the event, attracting the most attention throughout the day. Who can resist this sweet cuddliness?! He had a blast getting being the star of the show (again)! [Click here](#) to read his latest blog post, [here](#) to follow him on Twitter or [here](#) for his Facebook page.

As always, we appreciate your feedback and your interest in PIMSY! Contact us to see how this incredible software can streamline your workflow and organize your office.

Sincerely,
Leigh-Ann Renz
