**As always, [let us know](#) if you have any questions or need more information!**

We've been hard at work perfecting our client portal, and it's ready to unveil!!

**From the portal, your clients can log in remotely and edit items in their chart. PIMSY notifies you that the chart was revised by the client so you can always see when they make changes.**

You provide the client with a login and password, and **they can easily update their basic info, demographics, insurance records & contact information.**

They can also fill out any templates or forms you need and add those to their own record. [Click here](#) for details and more information.
