

Introducing: the PIMSY app!

After a *lot* of hard work, focus, and many rounds of feedback + testing, **we're proud and excited to announce the PIMSY application.** The new PIMSY app allows our clients to access PIMSY on their mobile device and makes it even easier to work remotely, serving their clients whenever and wherever works for them!

Cost

There is no additional cost for the PIMSY application. As long as you are a PIMSY client, it's free: use your regular log-in credentials to utilize the app.

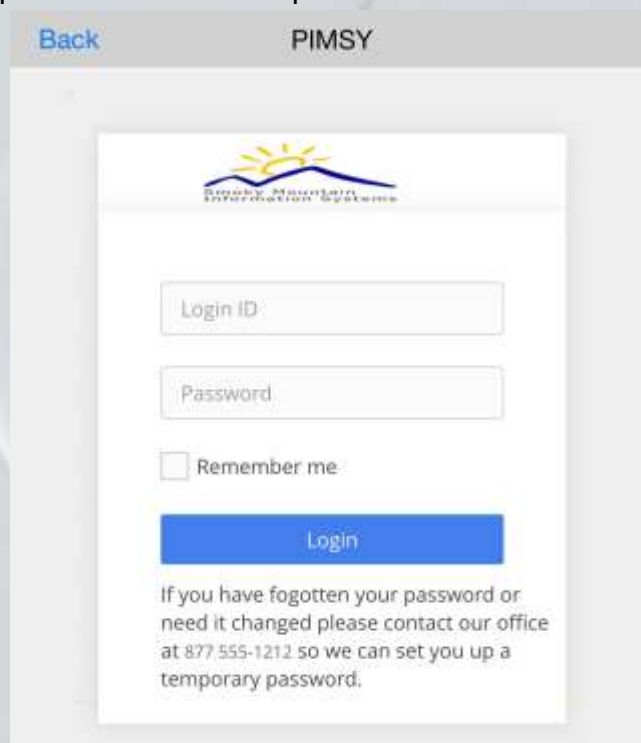

Details

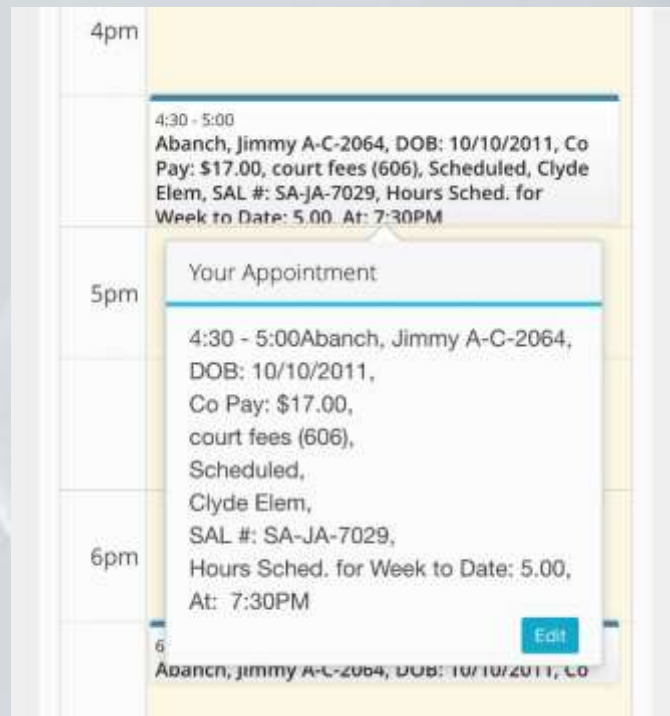

The PIMSY application – also known as the “provider portal” – **allows clinicians to access their calendar, create + release notes, and connect with their home office.** This offers greater freedom to providers working in the field – and gives clinicians the ability to work remotely when needed.

As with all versions of PIMSY, the data is captured synchronously, meaning that **whatever is being done on the application is hitting the system in real time. There's no need to upload or sync up later;** it's just as seamless as using PIMSY at their desk - and allows them to communicate efficiently with their agency.

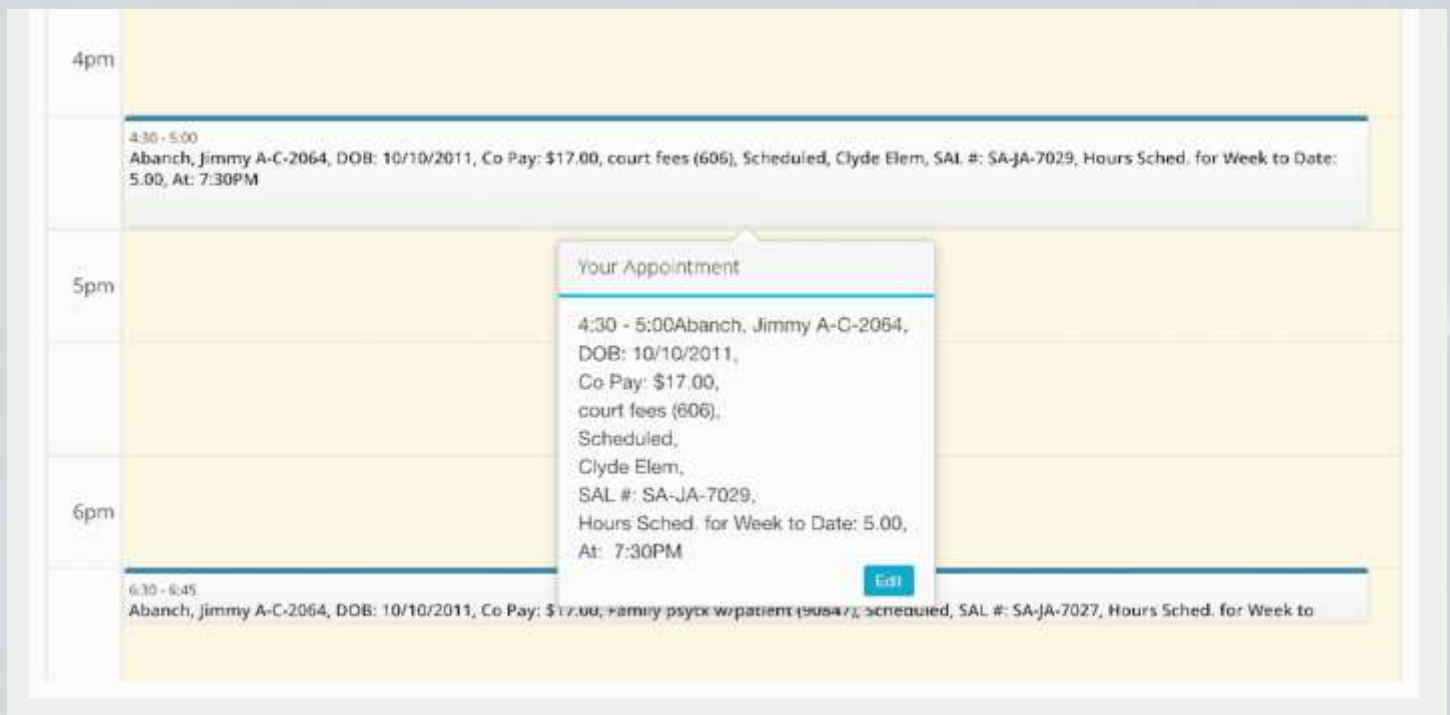

How Does It Look?

Check out what the PIMSY app looks like on a smartphone:

And on a tablet:

More Information

For more information about how PIMSY can support your mental / behavioral health agency, contact us: hello@pimsyemr.com - 877.334.8512, ext 1. We're happy to show you how **PIMSY saves time, pays for itself, and helps you meet compliance regulations.**
