

Where Have You Been!?!

Yes, sorry, we disappeared for a while there! We were very busy this summer:

We moved into a new office, transferred our website to a new server, transitioned PIMSY *itself* to a new server....and have been nose-to-the-grindstone focused on refining PIMSY EHR for mental + behavioral health care providers.

What's New?

Stay tuned for a follow up email in about 2 weeks detailing the new functionality we've added to improve our clients' experience. **PIMSY is now faster and more powerful than ever;** and we'd love to show you how it can help your practice grow.

How We Best Serve You?

Fall is a great time to take stock of **what's working, what's not, and how we can do better**. If you're not digging our newsletter, please email bizdev@pimsyehr.com and ask to be unsubscribed. No hard feelings, no questions asked.

If you *are* digging our emails, [let us know](#) what you'd like to see more of: compliance? HIPAA? MACRA / MIPS? General Mental Health? EHR challenges? CPT codes?

We want to provide the content that's most useful to you.

Health Services Research, Part 5: Writing Survey Questions

Picking up where we left off in our last newsletter, **don't forget about our Health Services Research series!**

Susan Dess of Crestline Advisors has crafted this detailed yet concise guide.
