Meaningful Use Stage 2

The rules for Stage 2 of Meaningful Use have been released, and there's a lot of information to digest. We'll be helping you break it down and make sense of it all via upcoming newsletters and our

blog. For now, one of the most pertinent components is an intensified focus on HIE and patient engagement. The new requirements concerning this include: [Read more ...](#)

PIMSY Stellar Support

Electronic Medical Records (EMR) training and support are as important, if not more important, than the practice management system you choose itself. Basically, it doesn't matter how amazing of a tool you have; if you don't know how to use it properly, it's not worth much. Making sure that you and your staff are properly trained on your EMR is vital to the success of your practice and business. It is only by using your chosen software efficiently that it saves you time & money and fulfills its purpose. [Read more ...](#)

We are extremely satisfied with PIMSY and with all the hard work that you guys put in to continually improve and update. We could not make this difficult change without all of your excellent customer support and continual guidance. Thank you so much!!!

October is Domestic Violence Awareness Month

Domestic Violence Awareness Month (DVAM) started in 1981 as the Day of Unity to connect advocates working to end violence within families. The day soon turned into a week and evolved into a month-long observation in 1987. Activities conducted at the [local](#), [state](#) and [national](#) levels include the common theme of mourning those who have died due to intimate partner violence (IPV), celebrating the survivors and connecting those to work to end the abuse.
