

What People Are Saying

Dr. Carmen Lynas, Program Director: "I am extremely appreciative and am so glad I decided to go with PIMSY versus the other options I was considering. I was singing your praises to a colleague of mine today who is feeling overwhelmed with her paper process. I **highly** recommend all of you."

Kim Turpin, Business Director: "With PIMSY, we are now functioning at a **50% faster recovery rate** for money and a **50% lower denial rate.**"

Seth Haney, Business Owner: "I researched multiple EMR programs to find one that was affordable for a small business owner like myself, yet had all the features for a big company, so I could expand my practice. PIMSY was the clear winner. I would highly recommend PIMSY to other therapists who are looking to streamline their paperwork at a reasonable monthly cost."

John McElhinny, Business Owner: "I just did my billing, and it took **1/10th** of the time it used to!"

Dr. Michelle Rinella, Business Owner: "Thanks for all of the support that you and your staff have offered. Your endless intervention with the insurance companies on our behalf has been truly impressive and incredibly helpful. You have treated us as if we are your only customer. I realize that this must be a very busy time for you [5010 transition] and greatly appreciate your commitment to our practice."

Step by Step Implementation and Roll Out

AtoZ Information Services

You've made the decision to go electronic, but where do you start, and how do you get the whole staff feeling comfortable with this transition?

PIMSY has partnered with AtoZ Information Services to guide you through this process. AtoZ has extensive experience and knowledge in working with counseling centers through the EHR transition process.

They offer customized training and support to guide your team through the initial implementation phase of PIMSY start-up and will cover the following:

- Requirement gathering, timelines for roll-out, customization and implementation of PIMSY EMR
- Team specific training classes, including training materials to cover department specific tasks (clinicians, billing, reception, etc.)

AtoZ is thoroughly trained on PIMSY and has assisted other Samaritan Centers with becoming fully integrated on the system.
