

PIMSY integrates credit card processing

PIMSY + BluePay

PIMSY mental health EHR is pleased to announce our new direct integration with [BluePay credit card processing](#). Together, BluePay and PIMSY bring you a secure and simplified payment processing protocol for your mental / behavioral health care practice.

Accepting electronic payments within PIMSY is now an even more straightforward, efficient and streamlined process - so you can maximize all possible revenue streams and focus on your clients!

Integrated Payment Solution

BluePay enhances PIMSY's payment taking process by offering an integrated payment solution with easy access to the virtual terminal, mobile and tablet processing, and robust reporting options. With BluePay, PIMSY clients are now able to utilize recurring billing and batch credit card processing.

BluePay's extensive industry expertise, harnessed together with their experienced merchant account specialists, allows them to offer PIMSY clients the best rates on the market.
